

Daniel Lira

Rio de Janeiro, Brazil | danielllira2021@gmail.com | +55 21 9 79779062

Professional Goal

My professional goal is to work in the field of data, whether in the technical aspect as a data analyst or in the business aspect as a business analyst

Education

Sistema elite de ensino | High School | EFOMM | Rio de Janeiro, Brazil | JAN 2017 - NOV 2021

PUCRS | Undergraduate | Data Analytics | Rio Grande do Sul, Brazil | FEB 2023 - JUN 2025

Skills

SQL | PowerBI | R language | Figma | Front-End | English | Git

Experience

DBA Apprentice - E-Xyon Tecnologia e Informacao LTDA - AUG 2022 - Present

- Daily SQL query checks
- Legal audits analysis
- Adjustment & creation of SQL scripts
- Validation of PowerBI dashboard data
- Data maintenance & improvement of the dashboard

RPA Apprentice - Tivit Terceirização de Processos Serviços e Tecnologia S.A JUN 2021 - MAY 2022

- Assisted in the creation of automation processes using Uipath toll. One of my main achievements was automating the company vacation process allowing the HR team to avoid manually checking which employees were approaching vacation and having to notify then manually

Certificates

Data Related

- Google Data Analytics Professional Certificate (By Google)
- MySQL Database Administration (By Maven Analytics)

Language

- EF SET C1 English Certificate (By EF SET)

Extracurricular

- Regarding my studies, I have a passion for studying financial mathematics, statistics and business.
- I am currently enrolled in the business analytics certificate program offered by the University of Pennsylvania - The Wharton School
- In my free time, I enjoy playing soccer, swimming, and playing poker.

My Portfolio
