Work Experience

E-Xyon Tecnologia e Informacao LTDA
DBA apprentice
Aug 2022 - Present
- Daily SQL query checks
- Legal audits analysis
- Adjustment & creation of SQL scripts
- Validation of PowerBI dashboard data
- Data maintenance & improvement of the dashboard

Tivit Terceirização de Processos, Serviços e Tecnologia S.A
RPA apprentice
Jun 2021 - May 2022
- Assisted in the creation of automation processes using Uipath toll. One of my main achievements was automating the entire company vacation process allowing the HR team to avoid manually checking which employees were approaching vacation and having to notify then manually
